

List of Tables

Table Number		Page
General Information		
1	For which units in your banking organization are you reporting the information?	65
2	Your total banking assets and deposits for the units included in this report.....	65
3	Distribution of open transaction accounts by account source	66
4	Open transaction account portfolio per bank	66
5	New transaction accounts opened per bank in 2010.....	66
6	Distribution of new transaction accounts by account opening channel	67
7	Expenses per bank (internal and external) for prevention, detection, investigation, and prosecution of deposit account fraud.....	67
8	Average number of full-time bank staff responsible for prevention, detection, and investigation of deposit account fraud	67
9	Average number of full-time analysts and management staff responsible for listed prevention systems.....	68
10	Areas for which bank's fraud prevention/investigations group is directly responsible	68
11	Please indicate which of the following fraud management functions are outsourced	69
12	Expected change in volume over the next 12 months for the following channels.....	70
13	Deposit account-fraud threats to the industry in the next 12 months	71
Check Fraud Prevention		
14	Approaches banks currently use to prevent check fraud losses—new account application review.....	72
15	Approaches banks currently use to prevent check fraud losses—deposit review.....	73
16	Approaches banks currently use to prevent check fraud losses—on-us/in-clearing	74
17	Approaches banks currently use to take to prevent check fraud losses—customer verification..	75
18	Approaches banks currently use to prevent check fraud losses—branch/bank control	77
19	Approaches banks currently use to prevent check fraud—other fraud prevention approaches...	78
20	If you offer positive-pay service, how do you encourage your corporate customers to use this service?.....	78
Regulation CC		
21	Report the most representative of your published funds availability policy for deposits to established consumer or business transactions accounts that do not qualify as exceptions under Regulation CC—next-day availability items.....	79
22	Report the most representative of your published funds availability policy for deposits to established consumer or business transactions accounts that do not qualify as exceptions under Regulation CC—local checks	79
23	Report the most representative of your published funds availability policy for deposits to established consumer or business transactions accounts that do not qualify as exceptions under Regulation CC—non-local checks.....	80
24	Report the most representative of your published funds availability policy for deposits to established consumer or business transactions accounts that do not qualify as exceptions under Regulation CC—Canadian items.....	80
25	Report the most representative of your published funds availability policy for deposits to established consumer or business transactions accounts that do not qualify as exceptions under Regulation CC—Other foreign items	81
26	How often do you impose a safeguard exception on your consumer or business accounts to hold funds beyond the 2 business days local/5 business days nonlocal standards?	82

27	Specify how holds are placed for each of the following areas	83
28	Do you consider the following factors in deciding for exception holds?	83
29	Did your institution change its funds availability policy in the past twelve months?	83
30	Many banks generally provide funds earlier than the law requires (e.g., the day after deposit). In these instances, banks may impose “case-by-case” holds: that is, holds beyond the bank’s usual policy, but no later than 2 days for local, 5 days for nonlocal. If you provide funds earlier than required by Regulation CC, for instance, on the day after deposit, how often do you impose “case-by-case” holds?	84
31	As the bank of first deposit, how long does it take for your bank to receive available funds on deposited items through your check-clearing network?	84
32	How does your bank route return items processed?	84
33	On average, how long does it take for a check to return to your institution?	85
34	Do you accept Remotely Created Checks (RCCs)? If yes, are you tracking their returns?	85
35	How many claims in your check fraud have a draft (RCC) associated with them?	85

Electronic Check Processing

36	Do you capture or plan to capture check images at the following locations?	86
37	Do you plan to use electronic check processing?	86
38	Does your bank engage in remote deposit image capture (RDC) with merchants?	87
39	Does your bank engage in remote deposit image capture (RDC) with consumers?	87
40	Do you restrict certain items from being presented via RDC?	88
41	Do you have transaction dollar limits on items presented via RDC?	88
42	Do you have item level dollar limits on items presented via RDC?	88
43	Do you monitor returned RDC items?	88
44	Do RDC transactions run through one or more of your existing deposit fraud tools?	88
45	Rate the following fraud risks associated with electronic check processing	89
46	Check your bank’s primary fraud prevention solutions for electronic check processing	89

Clearinghouse Rule 8

47	Since the implementation of Rule 8*, has your bank experienced an increase in savings?	90
48	If "Yes," please report the following	90
49	Is the 60-day window sufficient?	90

Clearinghouse Rule 9

50	Does your bank participate in Rule 9?	90
----	---	----

Remote Channel Fraud

51	Remote channels and transactions offered to consumers via telephone banking/call centers	91
52	Remote channels and transactions offered to consumers via online banking	94
53	Remote channels and transactions offered to consumers via POS debit cards and other channels	98
54	Remote channels and transactions offered to businesses via telephone banking/call centers ...	100
55	Remote channels and transactions offered to businesses via online banking	104
56	Remote channels and transactions offered to businesses via POS debit cards and other channels	107

Online Banking

57 Do you plan to implement enhanced online security like the following for your DDA customers?..... 109

58 What tools are you providing DDA customers that could help prevent fraud and ID theft? 109

59 Do you offer the following to your DDA customers? 109

Online Billpay

60 Please specify what Online Billpay control procedures your bank has taken 110

81 As an ODFI, specify if your financial institution uses the following prevention measures to mitigate ACH fraudulent or improper transactions for originated debits and credit to wholesale (corporate) accounts. 123

82 As an ODFI, specify if your financial institution uses the following prevention measures to mitigate ACH fraudulent or improper transactions for originated debits and credit to wholesale (corporate) accounts. 124

83	Specify the level of experience your institution has with the listed types of fraud as they relate to ACH transactions.	125
----	--	-----

Wire Transactions

84	Does your institution monitor outgoing wires for specific countries outside of OFAC sanctions?	126
85	Does your institution monitor personal accounts for outgoing wires?	126
86	Has your institution experienced an increase in wire fraud and/or attempts in 2010 compared with the previous year?	126
87	Do you anticipate increased exposure (loss + loss avoided) due to wire fraud in 2011?.....	126
88	Do you conduct fraud detection review of branch-initiated wires?	127

2010 Fraud Losses/Loss Avoidance

89	Did your institution incur a financial loss during calendar year 2010 caused by the following types of fraud?	127
----	---	-----

Check Fraud Losses

90	Check-related losses per bank-total	128
91	Check-related losses per bank by category.....	128
92	New account fraud losses per bank.....	130
93	Identity theft losses per bank	130
94	Organized customer scams fraud losses per bank.....	130
95	Anticipated check fraud losses in the next 12 months.....	131
96	2010 actual losses by deposit channel	133
97	2010 ATM related check fraud losses by type of ATM	133
98	2010 check fraud losses by withdrawal channel.....	134
99	2010 check fraud losses by account source.....	134
100	Actual recoveries from check fraud losses	134

Electronic Check Processing

101	In 2010, did your bank incur any fraud or non-fraud losses from substitute checks?	135
-----	--	-----

Check Fraud Loss Avoidance

102	Report the following if you track the amount of check fraud loss avoidance that, in your opinion, was attributable to your prevention systems and procedures	135
-----	--	-----

Telephone Banking Losses

103	Do you anticipate increased exposure (loss + loss avoided) in telephone banking/call centers in 2011?	136
104	Do you track the listed types of call center losses?	136

Debit Card Losses

105	Profile of debit card portfolios per bank.....	137
106	2010 actual gross fraud losses per bank from POS signature debit card transactions	137
107	Anticipated POS signature debit card losses in the next 12 months	139

108	2010 actual gross fraud losses per bank from PIN (POS PIN and ATM PIN combined) debit card transactions	140
109	Anticipated PIN debit card losses in the next 12 months	142
110	Anticipated POS PIN debit card losses in the next 12 months	143
111	Anticipated ATM debit card losses in the next 12 months	144

Small Business Debit Card Losses

112	Profile of small business debit card portfolios per bank	145
113	Actual gross fraud losses per bank from small business debit card transactions.....	145
114	Anticipated small business debit card losses in the next 12 months	146

Online Banking Losses

115	Profile of online banking portfolio (billpay, wire, and ACH) per bank	147
116	Please report the following items for your online banking transactions that include billpay, wire, and ACH	148

ACH Losses

117	As an ODFI, did your financial institution experience any apparent ACH debit origination fraud accounts in 2010? Were any losses incurred as a result of the unauthorized ACH debit entries?	149
