FOR IMMEDIATE RELEASE

Accurate Background Adds Taleo Business Edition™ to Partner Roster

Integration improves efficiency and simplifies the background screening process

LAKE FOREST, Calif., October 6, 2009 - Accurate Background, a technology leader in the [background screening](#) industry, announced today completion of its [Taleo Business Edition™](#) integration. This new integration offers organizations a technology solution that is pre-configured to allow for [rapid implementation](#) and increased efficiency in the hiring process.

Designed for organizations with up to 5000 employees, Taleo Business Edition, in conjunction with Accurate Background, enables organizations to better leverage their Taleo Recruit™ deployment with their background screening program.

A Taleo partner since 2004, Accurate Background and Taleo Business Edition have collaboratively designed a flexible solution allowing employers to create a background screening program based on their unique requirements. All services and technology features are pre-integrated into the Taleo Business Edition automated workflow processes so employers can request background checks and monitor the status of the background reports directly through Taleo in three easy steps. With single sign-on access, employers have better overall management throughout the hiring process as well as access to a variety of [custom management reports](#) for real-time statistics.

In addition to the available variety of product offerings, Accurate Background's auto-adjudication [Risk Reduction Technology™](#) is offered through Taleo to give employers a hiring recommendation based on the organization's unique hiring guidelines as well as state and federal regulations.

"Accurate Background is dedicated to maximizing efficiency for our clients through the development of intuitive technology," says Catherine Aldrich, executive vice president of Accurate Background. "Through this newest [integration](#) with Taleo Business Edition, our mutual clients are able to streamline their hiring process, reduce time and resources, and more effectively manage their recruiting efforts."

###

About Accurate Background

[Accurate Background](#), a nationwide company based in Lake Forest, Calif., is a technology leader in the [background screening](#) field. They continue to be at the forefront in their industry, offering innovative background check and security research products to organizations nationwide and globally. Through expert leadership and a commitment to quality information, they have illustrated their ability to meet the needs of their clients in [employment screening](#), [vendor certification](#) and fraud prevention.
