

green still do-able

The economic climate has slowed some construction projects, but remodeling your roof into the neighborhood's first solar power plant doesn't have to be one of them.

You can still make energy-saving home or business improvements. With GreenStreet Lending, you'll get special interest rates from Umpqua and cash incentives from Energy Trust of Oregon.

Learn more. And why we're still strong at www.umpquabank.com.

Good things are still possible.
