

I participated in the Teach Children to Save Million Child Challenge.

As a new saver, I promise to handle my money with care and save for my future. I know that if I'm careful with my spending today, I'll be better off tomorrow. So today I'll start to S-A-V-E:

- S** Set aside at least \$2 for every \$10 I earn or receive as a gift.
- A** Ask my parent(s) or guardian to help me open a savings account and if I have one, I'll deposit money regularly.
- V** Vow to put needs before wants when spending.
- E** Encourage my friends to S-A-V-E, too.
