

FROM TRACKING CASH TO MANAGING CRITICAL EVENTS

You already rely on GPS to recover stolen cash and assets. Now bundle more media to deliver critical intelligence when it matters most.

WHAT YOU HAVE TODAY

GPS tracking provides real-time movement and supports law enforcement response.

UPGRADE YOUR GPS DEPLOYMENT

With DirectToDispatch™, organizations can enhance existing GPS programs with:

LIVE VIDEO

REAL-TIME AUDIO

IMAGE & SNAPSHOTS

SITUATIONAL CONTEXT

RESPONDING OFFICER COMMUNICATION

DirectToDispatch™ combines critical event intelligence into a single dispatch-ready event, including **live video, images, GPS tracking data, audio, license plate recognition, and real-time situational updates.** All delivered through a single dispatch-ready workflow.

SUPPORT ANY CRITICAL EVENT

ROBBERY & TAKEOVER EVENTS

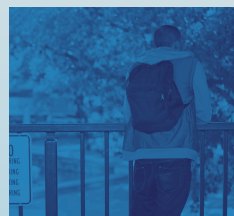

ATM ATTACKS ON CUSTOMERS AND VENDORS

ORGANIZED CRIME

THREATS TO EMPLOYEES

THE RESULT

DirectToDispatch™ enables security teams to move beyond asset recovery...

... and provide responding officers with real-time intelligence as incidents unfold.

Bundle Your GPS Program with DirectToDispatch™

Contact 3Si Today

to learn how to bundle DirectToDispatch™ with your existing GPS deployment.

Combine real-time tracking with video, images, and dispatch-ready intelligence in one integrated response workflow.
