Dear Senators Schumer, McConnell, Brown and Toomey:

On behalf of the members of the American Bankers Association (ABA) and the undersigned state bankers associations, which represent banks of all sizes from every state in the country, we write to ask you to include the Secure and Fair Enforcement Banking Act, (“SAFE Banking”) in the House-Senate conference version of the America COMPETES Act. As you know, this provision was approved by voice vote in the House of Representatives’ version of the COMPETES Act that passed in February.

The SAFE Banking Act is an urgently needed, and widely supported, bipartisan legislative solution to allow banks to handle the proceeds from state-licensed cannabis businesses and the accountants, skilled trades, landlords, law firms, and other service providers they rely upon for legal operations. Federal law prevents banks from banking cannabis businesses, as well as these ancillary businesses, without fear of federal sanctions. As a result, this industry is operating primarily in cash, which causes significant public safety concerns and undermines the ability of cannabis regulators, tax collectors, law enforcement and national security organizations to monitor the industry effectively.

The SAFE Banking Act is a narrowly tailored solution designed to bring this growing industry into the regulated banking system and provide much-needed visibility into its financial activity. Financial institutions adhere to stringent anti-money laundering and counter-terrorist financing reporting requirements, as well as monitor accounts for suspicious activity. The increased transparency that would come from processing transactions through bank accounts instead of in cash would ensure that regulators and law enforcement have the necessary tools to identify bad actors and remove them from the marketplace. The legislation would also enhance tax collection in the states where cannabis is now legal.
The inability of the state-licensed cannabis industry to access safe and regulated financial services is a pressing concern for so many of our nation’s communities and the banks that serve them. With state-licensed cannabis businesses currently operating in 37 states and more states weighing legalization, we urge you to include the SAFE Banking Act in the compromise version of the COMPETES Act to address these critical issues as quickly as possible.

Sincerely,
