**Re: The Enhancing American Retirement Now (EARN) Act**

Dear Chair Wyden and Ranking Member Crapo:

The undersigned organizations thank you for your leadership in releasing the EARN Act, which would enhance retirement security for many Americans. We would also like to thank all of the Members of the Committee for their work on this bill. In particular, we would like to recognize the historic contributions of Senators Cardin and Portman on retirement security over the years, and most recently on the Retirement Security and Savings Act, which contains numerous provisions to encourage employers to establish and maintain retirement plans for their workers, many of which were included in the EARN Act. The Committee's dedication to retirement security is a crucial step in finalizing retirement legislation during this session. We look forward to working with the Committee on the EARN Act and integrating it into a holistic, bipartisan retirement security package.

Sincerely,
