

May 12, 2016

The Honorable Paul Ryan
Speaker of the House
United States House of Representatives
Washington, D.C. 20515

The Honorable Nancy Pelosi
Minority Leader
United States House of Representatives
Washington, D.C. 20515

Dear Speaker Ryan and Leader Pelosi:

The undersigned OCC regulated savings associations write to urge House passage of H.R. 1660, the Federal Savings Association Charter Flexibility Act and to thank Representative Keith Rothfus (R-PA) and Representative Jim Himes (D-CT) for their leadership in introducing this legislation.

Our institutions are taxpaying associations regulated under the Home Owner's Loan Act (HOLA) with specific lending and investment powers intended to encourage the safe and sound extension of housing related credit. We have a long and proud history of doing so. However, the current limits in HOLA have too often limited our ability to best serve our communities and the many neighbors and friends who are our customers. We want to serve all of the needs of our communities, not just the housing needs, but those of small businesses, and borrowers of all kinds. Under existing law, we are limited in our efforts to serve those important economic needs.

This legislation, which passed the House Financial Services Committee by voice vote, is based on a proven model that allows institutions to adapt, grow and meet the changing needs of changing communities. It is an efficient process that allows an institution to choose the form and governance structure that best reflects the needs of its community, without unnecessarily limiting the services and products it can offer.

Greater flexibility is better for communities. Federal savings and mutual institutions in particular have a long history of serving their local communities. As those communities grow and change, their needs from their local banks do too. H.R. 1660 gives us the tools we need to best serve our communities, without imposing costly and burdensome requirements to change our charters or ownership structure.

We urge you to bring this strongly supported bipartisan legislation to the House floor that will allow us to better serve the changing needs of communities across our nation.

Sincerely,
